ORDER¹

The General Counsel's request for special permission to appeal from Administrative Law Judge Kenneth W. Chu's October 24, 2014 ruling is denied.² The General Counsel failed to demonstrate that the judge abused his discretion in denying the General Counsel's Motion for Production and/or In Camera Review of Documents Listed in Respondents Revised Third Privilege Log or that its arguments regarding the Board's attorney-client privilege analysis could not be presented to the Board on exceptions, if necessary.

¹ The National Labor Relations Board has delegated its authority in this proceeding to a three-member panel. Member Emanuel is recused and took no part in consideration of this case.

² Because the request is denied, we do not reach the Respondents' motion to strike or other procedural objections.
